Internship Completion Certificate

To Whom It May Concern,

This is to certify that **Mr. Sudarshan Sudhakar**, a third-year B.Tech student from the Indian Institute of Information Technology, Design and Manufacturing (IIITDM), Kancheepuram, Chennai, has successfully completed his internship with our organization.

His internship was conducted at our **Abu Dhabi office** for a duration of two months, from **May 29, 2025, to July 28, 2025**.

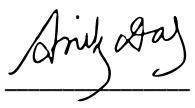

During his tenure with us, Sudarshan was a dedicated and proactive member of our team. He made valuable contributions to two key projects:

1. **Conversational Agent Flow using YellowAI platform:** Under the guidance of Mr. Neethish, he gained practical experience in developing and implementing customer-facing AI solutions.
2. **Internal Ticket Analysis and Classification using GenAI:** Mentored by Mr. Jishnu, he applied generative AI techniques to improve internal organizational processes.

Throughout the internship, Sudarshan demonstrated a strong work ethic, a keen ability to learn quickly, and a passion for Artificial Intelligence. We found him to be a valuable asset to our team.

We wish Mr. Sudarshan Sudhakar the very best of luck in all his future academic and professional endeavors.

Sincerely,

Anik Das
Vice President of Engineering
